COMMENTS FROM THE TOWN MANAGER'S OFFICE

As this is the season for town reports a few lines will explain changes that have been made in the composition of the report in the last twenty years.

The Legislature of 1943 passed a law that it is not necessary for towns to publish detailed reports of receipts and expenditures in the town report. This law may be found in the Public Laws of 1943, Chapter 234, Page 268.

The Legislature of 1945 passed a law prohibiting the publishing of birth and marriage records. The same law prohibits persons from having access to vital statistic records unless a valid reason can be first given the Town Clerk. This law may be found in the Revised Statutes of 1954, Volume I, page 502.

Chapter 91, Sec. 83 of the Revised Statutes of 1954, found in Volume III, page 125, refers in part to the publishing of the names of paupers, quoted as follows: "except that the names of those persons receiving pauper assistance shall not be printed, unless any town at its annual town meeting shall vote to include such names in its next annual report." This law became effective in 1951 and Bethel has never had a vote authorizing the publication of pauper cases. Even though such a vote was passed it is still strictly against the law to publish names of veterans or recipients of Aid to Dependent Children, Old Age Assistance, Aid to Blind, or Aid to Disabled, who might be receiving aid from the town.

For the first time in several years a complete list of unpaid taxes as of Dec. 31st was published. Previously the unpaid list consisted of those that owed taxes as of Jan. 31st. The change was made to comply with the law.

Sincerely,
Harold L. Bean

HENRY W. BOYKER

Henry William Boyker passed away unexpectedly Sunday evening at his home in Mayville after several years of ill health.

Henry W. Boyker

Coming to Bethel in 1912, he held various positions. He was of help many times in cases of illness. He worked in the stores of I. L. Carver and the L. W. Ramsell Co., and for four years was employed in the Bethel National Bank. From 1927 to 1931 he was chairman of the board of selectmen of Bethel.

He served the district two terms as representative to legislature and two terms as state senator. He was an unsuccessful candidate for the governorship in 1952.

Mr. Boyker became well-known for his successful attempt to start the investigation of the Carroll-Dwyer murder case and his objections to Carroll's release from prison. In legislature he was a supporter of "pay as we go" policies and an active opponent of the sales tax.

For the past 25 years he and Mrs. Boyker have owned and operated Bethaven Inn. He was a member of the Masonic lodge, Grange, fish and game association, and a charter member of the Bethel Lions Club.

Bethel Slices School Budget; Votes Sewer, Street, Sidewalk Jobs

Bethel voters displayed more than the usual interest in the business of town operation Monday when nearly 350 indicated their choice of town officials during the day and about 250 attended the evening session of the annual town meeting.

The selection of officers was quite decisive. In the selectman-assessor contest, Blake MacKay defeated Burton Newton, seeking re-election, 240-102 for selectman and 239-104 for assessor. For school committee Richard Thompson won over Ernest Perkins 226-115. Mrs. Violet Bennett, unopposed for re-election as town clerk, received 329 votes. Henry Hastings was moderator of the meeting.

Mr. Newton had served on the board since September of 1958 when he was elected for the balance of the term of the late Carroll Abbott, and was re-elected for two years at the March meeting in 1959. Mr. Thompson succeeds Mrs. Philippa Glines who took the place of Mrs. Edith Eypper, resigned, in 1958 and was elected to fill the balance of the term in 1959.

Bethel's elected officers are: Selectmen and Assessors: Harold G. Bennett 1962, LeRoy E. Barker 1962, Maurice L. Kendall 1963, Wallace E. Saunders 1963, Blake MacKay 1964.

Town Clerk: Violet M. Bennett

Superintending School Committee: Stanley E. Davis 1962, Rodney K. Howe 1963, Richard E. Thompson 1964.

With two exceptions the amounts appropriated followed the advice of the budget committee. On the motion of Leland Brown the school maintenance account was cut from $111,500 to $105,700. This $5800 cut is said to allow payment of teachers at the rates in their contracts for the coming year. Henry Swan of East Bethel, seeking improvement of the school conditions in his community, moved to increase the Capital Outlay appropriation from $1,000 to $2,500, and this figure was accepted.

There was little discussion on the street light question, which involved a new light on Eden Lane and changing two lights near Gould Academy from 1,000 lumen to the 11,000 lumen size. Both were so voted. Construction of some 1,800 feet of 6 inch sewer on Paradise Hill, from the home of James Cobb to the end of the present line was voted at a cost of $3,500. Reconstruction of Chapman Street, including an 8 inch sewer and new sidewalk, costing $7,000, was also approved. A soil cement project, like that of Tyler Street, is planned for Chapman Street.

The selectmen were authorized to appoint a committee of nine to work with the school committee in investigating school needs, to report at a joint meeting of the selectmen, school and budget committees by Oct. 1.

SCHOOL NEWS

The Bethel School Committee will meet at the Crescent Park School, Friday, March 10, at 8:00 p. m. The agenda includes: welcoming newly elected school committeeman Richard Thompson; election of a committee chairman for the coming year; and, discussion of the effect on school operation of the recent town meeting vote which reduced the school budget $5,800.

If the budget cut is applied to the salary account, $78,300 will be available for fiscal 1961. This amount is sufficient to cover present payrolls and raises to be granted full-time teachers under the present salary schedule. However, the committee will not have available funds to cover combined expenses for substitute pay, handwriting, extra teachers next fall for West Bethel and the third Eighth Grade, Professional Credit Subsidy, Driver Education, and a Special Reading Teacher. The cost of all of these items plus teacher pay and raises, is $80,000.

In addition, the school committee faces a financial problem if any attempt is made to provide Home Instruction for children unable to attend school, leave-of-absence pay (which legally cannot exceed one-half of a teacher's salary) continuation of the special reading class at this time, and any further consideration of preliminary plans to offer a summer school program.

Some of the services and programs, of course, can be undertaken with funds already voted. However, the funds now available will make it impossible to begin the planned three-year program of raising teachers' salaries in line with the proposed state salary schedule and what the committee feels are salaries necessary to maintain and improve the educational program in Bethel.

JOHN CALDWELL JOINS GOODWIN AGENCY

Goodwin's Inc. Insurance Agency, Norway, is announcing the association with their agency of John M. Caldwell of South Paris, for the purpose of specializing in life, accident, health, hospitalization, and group insurance.

Mr. Caldwell has had previous experience and training with a leading life insurance company. He has also completed Part I of the Life Underwriters Training Council course and is currently taking Part II. Before entering the life insurance field, Mr. Caldwell was an accountant at the Paris Mfg. Co. of South Paris.

He is a member of the Norway-Paris Kiwanis Club, the Norway-Paris Jaycees, and Scoutmaster of Boy Scout Troop 130, South Paris.

Mr. Caldwell is married to the former Donna Lowe of South Paris, and they have two daughters. A native of South Paris, he is graduated from Paris High School and the Auburn Maine School of Commerce.

First man to reach the summit of lofty Mt. Washington, N. H., in a horse drawn carriage was Col. Joseph M. Thompson on July 13, 1861. He had to accept the help of two men to hold the carriage upright on the last few yards, but on August 8, 1861 the first elegant Concord stage coach, filled with excited passengers, reached the summit.

On Sept. 13, 1885 Lizzie C. Bourne, 23, of Kennebunk started to walk to the summit of Mt. Washington on a bright autumn day. Near the summit a violent storm hit the peak and Lizzie perished, unaware that shelter was only yards away. A monument to Lizzie stands near the summit of the mighty mountain.

This would be a Luxury

to millions overseas

Fresh eggs daily, a bottle of milk, a potato—we take them for granted—but these basic foods would be a luxury to millions of people overseas. Of all ages, races and colors—these people are victims of disaster: displacement, earthquake, poverty, famine, flood . . . war. Food is just one problem. And there are others—clothing, shelter, a lack of equipment to build lives anew.

How can you help? Give generous support to the *Overseas Aid Program* of your faith. These far-reaching programs provide food, tools, clothing, homes, jobs, farm machinery, education and technical training—hope for millions!

When your religious faith makes its appeal, do give generously.

LETTERS TO THE EDITOR...

ONE TAXPAYER'S OPINION

To the Editor:

It is with conflicting emotions that I undertake a few words. As I'm in a very good position to hear both sides of public opinion, perhaps I'll write and then decide.

(Teacher's salary)

Without a single doubt we all want what is best for our children. That means Qualified teachers. To have Qualified teachers we must pay the average teacher's wage. How? The obvious: Taxes and higher taxes. But again How?

(The taxpayers' view) If it is next to impossible to pay my taxes, bills, living expenses, and give my children a pleasant atmosphere in which to grow, how can I stand an increase in expenses at the present time. The answer unquestionably: I can't on my present wages.

(What to do?) The answer obviously is to make my employer pay more wages. In our town that, in the majority of cases, is a mill owner.

The Mill owner's answer is that he just can't and if we are completely honest we must admit this is true.

Most mills have a payroll much larger than they require. They all have problems in creating enough jobs to keep the five or fifteen men busy. Certainly they can pay higher wages, by trimming their payrolls to the number of employees actually required and in the end have better production and a more contented crew.

(Then what happens.) With the number of mills in this area that means at least fifty men out of work and with no prospects of finding a job.

What is our answer? We must have new and more industry in this area. This is not as impossible as it sounds. There are several organizations already active and to date they have done very well.

First the B. A. D. C. with the ski area and Roger Favreau's mill.

Second the Junior Chamber of Commerce, their many activities, also the Bethel Chamber of Commerce.

These are all a good start, but definitely not the answer. It is jobs we must have and then competition will bring wages up to a fair level.

The ski area has been very good for Bethel but it is not creating the local business expected. I feel that if the officers of the Sunday River Skiway are perfectly honest, they will be forced to admit this is so.

Talk with any business man and see just how much his business is benefited by the ski area.

What are we to do? Our only answer is to unite behind any organization that is sincerely trying to create a new industry, that is of benefit to the town as a whole.

Surely, if the B. A. D. C. with cooperation from the majority of the town can raise the one hundred plus thousands required to develop the ski area we can back them or any other group again for the few thousand dollars in necessary funds required to entice new industry, but we must make sure, this time, that it will be of benefit to the majority of wage earners. It can be done, and must be done if we want to have a thriving town and a town in which our children will wish to make their homes.

Now for the anticipated comments.

He isn't taking active part in any of these programs. True, although I have been a member of both the B. A. D. C. and Junior Chamber of Commerce since they have been organized, and try to cooperate in other ways to the best of my ability.

(He has a business and is making a lot of money.) False, my net profit for 1960 was $4,736.49. This is for 52 weeks and approximately 70 hours per week labor, so my hourly wage is much smaller than the average. I believe $75.00 per week is the smallest amount any family man can receive and make a decent living at the present time.

So let's unite solidly behind any individual or group that does have plans to create jobs that will benefit the wage earner. Any other project and by that I mean, any project, that is of more benefit to business men, mill owners, or small group of individuals, is not the answer to our problems.

When the wage earner has more money to spend. Then we all will benefit, from the youngest to the oldest citizen.

Respectfully submitted,
Bob Billings

GOULD SENIOR PLAY READYING FOR PRODUCTION

Mr. Thompson has selected the three-act comedy, "The Loves of Dobie Gillis," by Max Shulman, as the Gould Academy Senior Play, and has chosen the large cast after several days' try-outs.

The fast-moving farce gives an opportunity for over 20 Gould seniors to "trod the boards" in this traditional dramatic high spot of their final year in high school. Several of the present cast have been in the one act plays of this and previous years; all give promise of doing a near-professional job in the rollicking situations into which the irrepressible Dobie leads them.

As Dobie, Dick Ramage will represent the title role. Well known for his aggressive agility on the basketball floor, Dick will be trying his hand at dramatics for the first time at Gould. Opposite him in the sympathetic role of Bonnie, his classmate who adores him but with slight response, will be Carol Wilson, already experienced in one act play parts. His deadly rival, the "big wheel on campus," will find John Kelley in his first dramatic part, while the fourth "angle" to the tangled romances of the two couples, the fair and regal Helen, will be portrayed by Debbie Hammond.

Around these four leads in supporting roles of large and small importance will be seen Pam Perkins as the sympathetic teacher, Miss Forepaugh; Dick Moody as the Mr. Magootype English teacher, Mr. Pipgrass; Shirley Hendrick as Limbo Lamb, glamorous movie queen; Betty King as the rowdy Stella Walwowski, leader of Stella's Schotisshe Polish Band; Paul Calif as the dignified Principal Harrington; Lee Wilbur as Dobie's diamond-in-the-rough dad, Mr. Gillis; Sandra Shipp as the well-groomed private secretary of Band Leader Jimmy Wingate; Phyllis Kimball and Freda Gammon as two high school pals of Dobie's; Jim Bartlett as Mr. Dixon, whose wife, Mrs. Dixon, played by Jane Asheraft, is the dowager-like president of the PTA; Glenn Whitehouse as a fake photographer for Life Magazine, with Gloria Williams as his very busy assistant; and Sally Burns, Claire Marx, Jill Dupont, Ann Tribou, Liz Jackson as the raffish members of Stella's Polish Band, who, in the words of Stella herself, never fail to "fracture 'em!" Nikki McMillin as Imogene, enfant terrible, expert with a slingshot, sharp of tongue, has a scene-stealing role. Sheila Bastian rounds out the cast as Adele, Limbo's efficient maid.

Date of production has been set for Friday evening, May 5.

BOX SUPPER SOCIAL

GIRLS::: Would you like to have supper with another man? He might be a tall, dark and handsome stranger.

MEN::: Here's your chance to enjoy the company (and cooking) of a strange exotic femme fatale for an evening. It could be Bridgit Bardot, Evelyn West or even Jan Stowell (if they can make it).

Be at the Skiway Lodge, 6:30 p. m. Saturday. Admission for the girls will be a fancy wrapped box supper and for the men, well just bring along the wallet and whatever else you'd care to bring. Mixes will be available, coffee is on the club and you can dance to the music of Benny Goodman, Ray Anthony and/or Guy Lombardo.

Everybody's welcome, the social hour starts at 6:30. Chief Rollie Glines will auction off the suppers at 7:30 and dancing will start after supper.

All proceeds will go to help defray the expenses of the junior ski program.

NEW BOORS AT THE BETHEL LIBRARY

"The Lennon Sisters," sweethearts of song, by A. H. Parr. Lawrence Welk says: "Meeting the Lennon girls—Diane, Peggy, Kathy and Janet—and their family was one of the nicest things that ever happened to me."

"Journey for a Princess," by Margaret Leighton. All the court gasps in admiration as our fourteen year old Princess Elstrid makes her entrance, bearing the "cup of welcome" to the Vikings.

"Mystery of the Haunted Pool," by Phyllis Whitney. It's a case of haunts along the Hudson in this spine-tingler by a master maker of tingles for the young set.

Grades 3-4:

"Cyrano Crow," by Don Freeman. One day when Cyrano was invited to perform on a television program, he felt that at last he was properly appreciated.

WEST BETHEL STORE a landmark for 75 years, which burned on the evening of Aug. 14, 1919. Spreading from an exploded gasoline lantern in the rear of the store of Harry N. Head, the fire consumed the building which included the apartment of Mr. and Mrs. Robert A. Gilbert, a stable and ice house. The property was then owned by E. Leland Mason. Previous to Mr. Head, store owners in this location were Henry Ward, Holt & Potter, Milton Holt, Lyman Algers, Alpheus S. Bean and Harlan P. Dennison. The site of this building is occupied by the garage built by Clarence Bennett, now owned by Mrs. Mary Abbott.
